

**INTERVIEWER'S QUESTIONS
LAST WEEK**

COLUMNS A/B/C: "Usually, what's your medication schedule?, at what time do you normally take your medication?"

COLUMN E: "This last week, from last Tuesday/Wednesday/... , do you remember not taking your medication for any reason?"

COLUMN G: Do you remember why were you not able to take your medication? (*Write code of reason and number of times*)

COLUMN H: "As you know, with this medication it is necessary to respect doses' schedule and intake conditions (with or without food. This last week, from last Tuesday / Wednesday/ Thursday/..., do you remember to have taken your medication two hours before or after your usual time? Maybe it was on the week-end or in holidays?"

COLUMN I: Do you remember why you could not respect the schedule?"

After this evaluation, information will be collected based on last month. This period includes also last week, so if the patient refers more lost doses, these will have to be added to the ones of last week.
